They continue to arrest judges and government officials who have been on the gangs payroll. Drugs are produced in Columbia and Peru, smuggled into Ecuador, and shipped on to Europe and the US through Ecuadorian ports. Pray for the LORD to protect the President and Attorney General from being murdered by the gangs. That is a very real possibility.

- * Pray - We are still continuing to teach the elementary students at Mama Tara's at home. We are legally accountable to the nearest public school. It has proved to be beneficial to the children. Please pray for the teachers to do their jobs with excellence, with the awareness that this is an opportunity for them to minister to the children as well as to teach and monitor their educational needs.
- * Pray - for the children to obey their teachers, to show them respect and to pay attention in class.
